If you are like many people, you may dread going to the dentist..... we want to change that. Through a combination of luxurious spa-like amenities and personalized service we've created a dental experience you will look forward to!

Unlike the typical sterile feel and smell of a dental office, our practice has created a welcoming, relaxing environment. Our beautiful office includes a refreshment center with beverages and homemade cookies – baked fresh throughout the day. Dental treatments are performed in reclining memory foam chairs with your choice of comforts. Most important, a staff member will be available to see to your every need. Our entire team has received special training in providing exquisite, comfortable dental care and they love what they do. You'll be amazed with our 5-star service..... absolutely!

In order to assure a comfortable and relaxing appointment for you, we have the following items available upon request at no charge*:
